SUMMARY

React.js developer with 2 years of experience building responsive web applications using JavaScript and ES6+. Skilled in Redux Toolkit, Tailwind CSS, Material UI, and Bootstrap. Currently learning Next.js to expand full-stack capabilities. AWS Cloud Practitioner certified, with basic knowledge of Node.js, Docker, and CI/CD. Strong in REST API integration and writing clean, testable code.

EXPERIENCE

React JS Developer

SLK Software Pvt Limited 09/2023 - Present Bengaluru

Developing innovative software solutions as a React JS Developer

- Developed React features for ENOVIA 3DX SaaS web apps to enable efficient PLM object management.
- Handled state management using Redux Toolkit and performed secure API integration with Axios and RESTful services.
- Built reusable service layers to process dropped object metadata and streamline frontend logic.
- Implemented basic security practices such as CSRF token handling and context-aware rendering.
- Collaborated with PLM and Node.js developers to build seamless, integrated web applications with improved UI performance and efficient state management.
- Ensured cross-browser compatibility and mobile responsiveness across applications.
- Developed modular, maintainable JavaScript code following clean coding standards and component-based architecture.

Front End Developer Intern

Varcons Technologies Pvt Ltd 06/2022 - 10/2022 Bengaluru

Contributed to web applications as a Front End Developer Intern

- Actively contributed to the development and maintenance of web applications utilizing React.js.
- Built interactive UI components with React.js and optimized development workflow using Vite.
- Collaborated with team members to quickly identify and fix technical issues.
- Collaborated with cross-functional teams to successfully deliver projects and meeting all client requirements.
- Worked on several small projects, contributing to feature development, bug fixes, and UI improvements.
- Adapted new technologies to migrate a basic web app into a single-page application using React JS and Redux Toolkit.
- Demonstrated strong problem-solving and analytical thinking.

EDUCATION

	Bachelor of Engineering in Computer Science HKBK College of Engineering Bengaluru	GPA 8.2 / 10.0
	Pre-University Collage Indo Asian PU College Bengaluru	GPA 6.7 / 10.0
	10th Standard RPS Residential School Patna	GPA 9.6 / 10.0

KEY ACHIEVEMENTS

Leading Web Application Development

Led the development of a robust web application and successfully implemented innovative solutions that enhanced user experience.

SKILLS

Programming Languages & Frameworks

JavaScript	React.js	Next.js
Node.js	Express.js	C# ES6

State Management

Redux Toolkit	Redux
---------------	-------

UI Libraries & Styling

CSS3	HTML5	Bootstrap
Material UI	Tailwind CSS	

PROJECTS

Personal Portfolio

- https://farzan-khan-portfolio.netlify.app/
- Built a responsive React.js portfolio using Vite and custom CSS. It showcases my work and includes a contact form. The site is deployed on Netlify.
- Integrated Email.js and Leaflet libraries to improve user communications.
- Added features to download my CV and included demo links for projects I worked on.

Food Fusion

- https://oota.netlify.app/
- Developed food ordering app using React.js, Vite, and Tailwind CSS.
- Managed state and cart functionality with Redux Toolkit.
- Implemented category filters and search for easy food item browsing.
- Planned future integration of payment gateway.

CSPM Dashboard

- https://accuknox-dashboard-csmp.netlify.app/
- Built a React dashboard with Context API for global state. Added CRUD operations for security concerns, including search, delete, and theme toggle.
